

Mahesh Kirde [Phone Number] | [Email Address] | [LinkedIn Profile/Portfolio]

Professional Summary

Motivated B.Tech student specializing in Artificial Intelligence with a strong foundation in Python and Web Development. Passionate about building intelligent systems, demonstrated through the development of a personal AI voice assistant and a unified data management engine. Seeking a Summer 2026 internship in Machine Learning to apply technical skills and contribute to innovative AI solutions.

Core Competencies

Artificial Intelligence | Python Programming | Web Development Flask Framework | Data Visualization | HTML/JavaScript

Project Experience

Personal AI Voice Assistant ("Micky") | *Personal Project* | [Start Date] – Present

- Developing a modular AI voice assistant using Python to automate tasks and enhance user interaction.
- Implemented voice recognition and response capabilities, focusing on modular code architecture for easy feature expansion.

Unified Data Management Engine (UDME) | *System Development Project*

- Designed and built a comprehensive data management system using **Python** and **Flask** for the backend.
- Developed a dynamic frontend using **HTML**, **JavaScript**, and **Chart.js** to visualize complex data sets effectively.
- Streamlined data handling processes, improving data accessibility and presentation.

Education

B.Tech in Artificial Intelligence | [University Name] | [Expected Graduation Year]

Certifications & Skills

- **Technical Skills:** Python, Flask, JavaScript, HTML/CSS, Chart.js, Machine Learning Concepts.
- **Soft Skills:** Problem-solving, Project Management, Continuous Learning.
- [Add any specific certifications here, e.g., "Certified Python Programmer" or "Google AI Essentials"]
